

## OUR STORY:

Welcome! I'm Sadie the Basset hound. My human, Nicole who started this business in 2023, hopes to help others as she did for me. My passing in 2020 came to an end as I struggled with Epilepsy the last two years of my life. Over time my body weakened, tripping over my own paws, and slowly declined. I knew it was time to go. I couldn't ask for a better human to take care of me.

It's hard dealing with the daily grind or if you need a time out vacation and your fur baby is not getting the attention they deserve. This is where my human comes in to help other pet parents. We offer pet sitting, overnights, dog walking and drop in visits.

The convenience of being in your own home where your pet is most comfortable.

Only pet parents can understand the extreme love, care, and attention a pet requires. There are challenges along the way while taking care of your canine companion. For which, as a pet parent you need constant support. Sadies Pet Service LLC understands this, and our intention focuses on providing a safe, fun and nurturing environment for your pets while ensuring the best quality and personalized experience for you, your pet and your family.
